2022 – 2026 CGC Exam Pass Rates by Exam Form / Cohort

The ABGC CGC certification examinations are developed annually in two equivalent forms. One form is administered during the August testing window, and the second form is administered during the following February testing window. Both forms are built to the same test specifications to ensure consistency, fairness, and comparability across administrations.

2022 - 2023

August 2022	Total Tested	Pass	%	Fail	%
First Time Tester	374	314	84.0	60	16.0
